UPCOMING RECRUITMENT

FIRE PLANS EXAMINER / FIRE INSPECTOR

JOB POSITION:

As a Fire Plans Examiner / Fire Inspector, you will play a vital role in fire prevention and public safety by reviewing construction and fire protection system plans, performing inspections, and working collaboratively with property owners, contractors, municipal officials, and the public. You'll oversee projects from design through final occupancy, ensuring compliance with applicable fire and building codes. This position is generally a 40-hour Monday – Friday workweek position (with occasional exceptions).

Minimum Qualifications:

- 5+ years of experience in fire prevention or inspection.
- NFPA Fire Inspector II and Fire Plans Examiner certifications.
- State of Michigan Certified Fire Inspector.
- Knowledge of building codes, fire hazards, and life safety standards.
- Proficient in Microsoft Office; knowledge of Bluebeam preferred.
- High school diploma or GED required; degree in Fire Science or related field preferred.
- Valid Michigan driver's license and CPR certification.
- Physical ability to perform inspections in varied and challenging environments.

Information

Salary Range: \$73,000 – \$83,000

Competitive benefit package:

Comprehensive benefits package including GTMESA pays 96% of costs for medical/dental/vision premium for the Fire Plans Examiner / Fire Inspector and their family, fully funded deductible into your Health Savings Account, paid time off, and a retirement plan.
